DENDERMONDE

Dendermonde The Bayard Steed City and so much more.

Because of its location on the rivers Dender and Scheldt, Dendermonde has seen the Spanish, the French, the Dutch and the German armies all pass through at one time or another.

But, throughout the centuries, the city has stood with pride.

Dendermonde features the famous Bayard steed that rules the city.

But there's more, so much more.

From the top of our Belfry (Unesco World Heritage) every fifteen minutes 49 carillon bells resound over the city. Dendermonde, a place brimming with history, where wars have raged all too often in the past.

Immerse yourself in the stories of this historic city on the water. Discover the heart of Dendermonde, with its beautiful squares and buildings.

SPORT VLAANDEREN

Sport makes us better. Active sport makes us physically and mentally healthier. But passively enjoying sport also does a lot of good to us.

From a winning swimming competition in youth, a crisp smash in volleyball or a flawless exercise on the beam. Such sporting moments inspire us and bring out the best in people.

Sport is like cornstarch for our society: it is a binding agent between young and old, male and female, rich and poor.

Look around you at any sporting event: the whole world is cheering together.

As Flemish Minister for Sport, I support our athletes. After all, they take the whole of Flanders in tow. They inspire us.

They encourage people of all ranks and positions to exercise and exercise more sports themselves.

Enjoy. Support. Experience sport.
